and Ukraine to the world!*

ABOUT US

AgriTravel — is the leading agency in Ukraine in the field of business tourism and conference services for agribusiness.

Being a fast-developing travel agency in Ukraine and a service agency of Association "Ukrainian Agribusiness Club", we organize agricultural business tours and green tourism.

"In the field of travel organization, as well as in all others UCAB offers services on a very high professional level. The organization of business trips or trade missions, be it in Ukraine or abroad, is usually outstanding. Through its many national and international partners, UCAB is always able to organize interesting travel programs incl. farm excursions, trade fair visits, stimulating discussions with other experts as well as cultural and sightseeing programs. No matter, whether it is an individual or group tour, there is always an outcome.» — **Oleg Todchuk, Vice-President for Development, Industrial Milk Company**

AgriTravel specializes in organizing agricultural business tours in Ukraine and abroad, such as farm visits, business tours to agricultural exhibitions, as well as international conferences. We're based in the heartland of Ukraine's agricultural industry, and work closely with both national and international companies, designing tours for a vast variety of visitors. We have established personal contacts with agroholdings and farms, production and processing enterprises, leading consultants and experts in agribusiness, government authorities, agricultural universities, and organizers of international agricultural exhibitions.

AgriTravel team consists of internationally educated and highly experienced professionals, who are committed to providing the best possible service to our clients.

OUR EXPERIENCE

Since 2007, we organized a large number of business events and business tours in Ukraine and abroad. The **AgriTravel** team initiated a number of successful projects of cooperation between partners and customers, was involved in projects with the Netherlands, Germany, Austria, Denmark, France, USA, Russia and Latin America, as well as international organizations such as the World Bank and International Finance Corporation.

OUR ACTIVITY

AgriTravel offers a wide range of individual and corporate agricultural business tours.

Whether you like to combine business with pleasure, or wish to focus on technical aspects of agriculture, our individual tours are what you are looking for!

We develop an individual program for your trip, taking into account all your needs, in close collaboration with you. We can offer "turnkey" trips that include accommodation, transport, meals, translation services, farm visits and sightseeing, leaving you an opportunity to relax and focus on the purpose of your visit.

If you are looking for business development opportunities in Ukraine, want to visit international exhibitions, see how farming is done in other countries, are interested in cultural events, or want to offer your employees or partners incentive programs, we are always ready to provide you with the full range of services, including visa support, transport service, accommodation and translation.
