

To whom it may concern

Dear Sirs!

DEZEGA Holding Ukraine is the worldwide leading manufacturer of **breathing protection equipment/mine rescue equipment**: chemical oxygen breathing apparatus such as self-contained self-rescuers (SCSR) (30 min and 60 min duration) and compressed oxygen self-contained breathing apparatus – (SCBA) (2 and 4 hours rebreathers).

Our headquarter is located in Kyiv, Ukraine and we manage our own sales offices all around the world - in Turkey, Poland, Russia, South Africa, Australia and etc.

The company has its own R&D center while its products are manufactured at three different locations across Europe and Asia and sold in 18 countries worldwide.

At the moment we see **your region (underground mines, rescue teams, tunneling building companies and objects with potentially no access to oxygen)** to be promising and potentially interesting for our company.

Our global experience and your deep knowledge of your native market, **big interest in the mining's safety** would bring definite value for both parties.

Our main aims meet your requirements:

- we provide safety for underground employees attaining 0% of accidents;
- our Products are competitive with the price and quality, so being best optimized;
- we are well-organized to provide technical and educational support.

Hereby we would like to confirm our desire for a long-term partnership with your region.

Hope to make you interested in long-term partnership with us and kindly ask to share responsible person's contact details for further communication.
